Just FYI. I will send the PCB and radioactivity results once we get them from John Gregson.

Subject: SFPUC - biosolids compost test results

Dear Francisco,

As Tyrone mentioned to you on the phone yesterday, we will be sending you the test results for our biosolids compost as well as one set of test results on our biosolids on a CD (files are too large to email) and I will put them in the mail today.

We also have additional tests for our biosolids that I will send in the next few days as well.

Thanks, Idil
